

Test & Validation Manager

Luxexcel is looking to hire an enthusiastic Test & Validation Manager. This person will be working actively with our unique 3D printing technology for ophthalmic lenses in a high-tech lab environment.

Do you have a passion for new technologies and do you consider yourself to be entrepreneurial? Then you might be the one we're looking for !

Key elements

The test & validation team is responsible to release the products related to the Luxexcel Vision Platform after passing a thorough test program.

- The scope of the team includes:
 - o Alignment with product management on the requirements to be able to define the test and validation program
 - o Alignment with subject matter experts to ensure the accuracy of the test and validation program
 - o Test execution to release the printer and software
 - o Define field scenario's that need to be validated to accelerate the exposure of the Vision Platform
 - o Product Quality Control
- The Test & Validation Manager is responsible to establish a strong team including the processes/way of working to manage the described team scope
- Communicates with all stakeholders on regular basis about the progress, performance of the Vision Platform and defines improvements for testing if required.

The Test & Validation manager reports directly to the COO.

Candidate profile

It is expected that the person taking up this role:

- is self-starting,
- taking ownership of the responsibilities,
- solutions driven,
- organized,
- communicates very clearly external and internal
- Demonstrated experience with root-cause analysis in technical environments-.

We believe that in this role the person should:

- have experience in a similar role,
- at least 10 years of work experience
- loves technology
- and last but not least: willing to be part of a start-up

What we offer

- The ability to work on a high-tech game-changer technology platform
- Work with a high-profile team looking to disrupt in an international context
- Start-up career opportunities way beyond the corporate box
- Package including a market-conform salary, Meal vouchers, Hospitalization and group insurance and the flexibility to negotiate.
